Age:3/3/2018 | AR50 | F1083

SIRE: PFI COMPLEMENT
2000DAM: KEY RIDGE PRIN-
CESS 535

This heifer comes from the Princess cow family, that has been a part of our farm as long as I can remember. She is out of an EF Complement 8088 son. We have retained a daughter and even used her as a recipient this past year. She was AI'ed to MindGames (50% Shorthorn) on May 27 and pasture exposed to Berg's Fred (100% Shorthorn). Vet checked safe with calf.

Wise Black Steer 1

Age:2/23/2023 | CAN BE REGISTERED SIMMENTAL STEER

SIRE: LOADED UP

DAM SIRE: GRANDMASTER

This steer has changed tremendously since I started working with him. He is very long, and clean fronted. He is getting more depth and muscle since he has been on feed. He is green broke. He has been washed and dried several times. I would recommend an early county fair do to his size and birthdate.
